## **ABOUT SASTRA**

A sprawling campus with a vibrant population of students, faculty and state-of-the art laboratories has made SASTRA a landmark in the educational map of India. SASTRA has reached national standing in terms of academic performance, co-curricular and extra-curricular activities, and the development and commitment to social service. SASTRA offers various Undergraduate, Postgraduate and Doctoral programmes in Engineering, Arts, Science, Law and Management. The excellence of the academic programmes offered by the University is replicated in the ratings awarded by National Assessment and Accreditation Council (NAAC) which has reaccredited SASTRA with a maximum grade of A++ with score 3.76/4.00 in cycle IV, retaining the status of Category I University.

## **ABOUT SRINIVASA RAMANUJAN CENTRE**

SASTRA established Srinivasa Ramanujan Centre in 2002 as a fitting tribute to the great mathematician, Srinivasa Ramanujan who spent most of his formative years in the temple town of Kumbakonam. This Centre also houses a museum called "House of Ramanujan Mathematics". SASTRA purchased and renovated the house where Srinivasa Ramanujan lived and spent his childhood days. The house and the museum have been dedicated to the nation as international monuments by his Excellency, Dr. A.P.J. Abdul Kalam, then President of India.

## **ABOUT THE DEPARTMENT**

The department of Computer Science and Engineering was established in 2002. It has 51 faculty members with rich expertise in Industrial, Research and Academics. The department offers four programs B.Tech.(CSE), B.C.A., B.Sc. (CS)., and M.Sc. (CS) respectively. The primary objective of the department is to educate, train, and develop world-class professionals and academicians. Equipped with state-of-the-art centralized laboratories featuring the latest configurations and software tools, the Department of Computer Science and Engineering is actively involved in pioneering research in areas such as Machine Learning, Information Security, Artificial Intelligence, Image Processing, Data Mining, Data Analytics and Internet of Things. The department has numerous publications to its credit which are listed in SCI, SCI-E, Web of Science, SCOPUS, etc.

## **ABOUT THE CONFERENCE**

The aim of ICSCIT'24 is to share the latest research findings, methodologies and advancements in secure computing and intelligent technologies. The conference highlight and showcase innovative technologies, tools and methodologies that contribute to the advancement of secure computing and intelligent technologies. These aims collectively contribute to the overall success and impact of the conference, fostering a collaborative and forward-thinking community dedicated to advancing the field of secure computing and intelligent technologies.

## **CALL FOR PAPERS**

Original and unpublished works are encouraged for submission in the conference. The thrust areas include the following but not limited to

- Artificial Intelligence, Machine Learning and Deep Learning
- Data Mining and Data Science
- Big Data Analytics
- Information Security and Network Security
- IoT and Cyber Physical Systems
- Digital Forensics
- Expert Systems
- Mobile and Pervasive Computing
- Distributed Computing, Cloud Computing, Edge Computing and Grid Computing
- Ad hoc and Sensor Networks
- Computer Vision
- Computer Graphics & Virtual Reality
- Ambient Intelligence
- Block Chain Technology
- Bio-Informatics
- E-Learning

## **GUIDELINES TO AUTHORS**

- Authors shall mail a soft copy of the paper to [icscit24@sastra.ac.in](mailto:icscit24@sastra.ac.in)
  - All the registered participants will be issued participation certificates
  - Papers presented in the conference will be double blind peer reviewed and selected papers will be submitted to SCOPUS indexed journal for publication
- For publication of articles, authors will have to pay the article processing fee in addition to the registration fee
- Conference will be conducted in **Hybrid Mode**
